CBN series

Product range

**CBN520150** → **520150****CBN520160** → **520160**

Technical characteristics

Material:	closed-cell expanded PE-X
Thickness:	min 13 mm – max 23 mm
Density:	- Inner part: 30 kg/m ³
	- Outer part: 80 kg/m ³
Thermal conductivity (EN 12667):	- at 10°C: 0,036 W/(m·K)
	- at 40°C: 0,041 W/(m·K)
Coefficient of resistance to water vapour diffusion:	> 1.300
Working temperature range:	0–100°C
Fire behaviour (DIN 4102):	class B2

Installation
