### **Coffee with Caleffi™ Webinar Series: Mixing Up Hydronic Systems with Thermostatic Mixing Valves**

**MILWAUKEE – Monday, April 4, 2022:** Mixing is a key element in hydronic heating systems. When properly performed it improves comfort and minimizes energy consumption while protecting system components and heat sources. A favorite to the webinar series, **Bob "Hot Rod" Rohr** returns to the head-of-the-class to talk mixing valves and their specific and optimal application in hydronic systems at the next edition of *Coffee with Caleffi™* on **Thursday, April 28 from 12 noon – 1:00 p.m. CDT.**

A 2020-2022 Carlson-Holohan Industry Award of Excellence honoree, Rohr travels from sea to shining sea for Caleffi North America, sharing his passion and 40+ years' of experience as a plumbing, radiant heat and renewable energy contractor. Listen close; Hot Rod's quick wit will keep our audience on their toes!

The monthly educational webinars are free and are intended for engineers, contractors, designers and wholesalers. A *Certificate of Attendance* is emailed to attendees following the event for continuing education audits.

Please visit our website at [www.caleffi.us](http://www.caleffi.us) for schedule details and registration.

**CALEFFI** – *Creating innovative, superior performance products that help customers live comfortably and economically, while softening their impact on the environment.*
