Coffee with Caleffi™ Webinar Series: Heat Exchangers in Hydronic & Plumbing Systems

MILWAUKEE – Wednesday, June 30, 2021: Heat exchangers are essential components in many hydronic and plumbing applications. A favorite to the webinar series, **John Siegenthaler, P.E.**, will describe different categories of heat exchangers, discuss how to assess their performance, detail their installation, present several unique applications and provide a complimentary resource at the next *Coffee with Caleffi™* webinar on **Thursday, July 29 from 12 noon – 1:30 p.m. CDT.**

A seasoned industry leader and passionate teacher, Siegenthaler is always eager to share his over 40 years' experience in the understanding and proper application of water-based engineering principles with our audience. He is the principal of Appropriate Designs and a regular contributor to industry publications.

The monthly educational webinars are free and are intended for engineers, contractors, designers and wholesalers. A *Certificate of Attendance* is emailed to attendees following the event for continuing education audits.

Please visit our website at www.caleffi.us for schedule details and registration.

CALEFFI – *Creating innovative, superior performance products that help customers live comfortably and economically, while softening their impact on the environment.*
