### **Coffee with Caleffi™ Webinar Series: Electronic Mixing with LEGIOMIX® - Planning, Installation and Operation**

**MILWAUKEE – Thursday, Sept. 8, 2022:** Electronic mixing valves are a rapidly growing technology for domestic hot water systems. The reliability and serviceability of the Caleffi LEGIOMIX® make it a great fit for new construction and replacement work. How can engineers and plumbers best utilize the latest in electronic mixing valve technology? What tips from the design and installation phases help streamline the process? **Cody Mack** and **Dan Firkus** will walk the *Coffee with Caleffi™* audience through this emerging sector of mixing valves at the next webinar on Thursday, Sept. 29 from 12 noon – 1:00 p.m. CDT.

**Mack** has nearly 20 years' experience as installation contractor, service technician, application engineer, training manager and now product manager for Caleffi. Our audience will appreciate his thoughtful yet humorous content delivery combined with his practical, common sense product approach.

**Firkus** has 25 years' of field experience as an installation contractor plus three years of application engineer experience at Caleffi, assisting wholesalers, engineers and installers. Recently promoted to OEM Sales Manager, his well-rounded and realistic technical background provides a firm foundation for our audience.

The monthly educational webinars are free and are intended for engineers, contractors, designers and wholesalers. A *Certificate of Attendance* is emailed to attendees following the event for continuing education audits.

Please visit our website at [www.caleffi.us](http://www.caleffi.us) for schedule details and registration.

**CALEFFI** – *Creating innovative, superior performance products that help customers live comfortably and economically, while softening their impact on the environment.*
