Coffee with Caleffi™ Webinar Series: Proven Heating Systems from Both Sides of the Flange

MILWAUKEE – Tuesday, Oct. 4, 2022: Optimal heating system design combines best practices on both sides of the flange. Designing, installing and maintaining perfect loops ensures that we deliver superior comfort, energy efficiency and reliability to our customers. Back by popular demand, **Max Rohr** welcomes Grundfos industry expert **Brent Cunningham** from [The Perfect Loop](#) training series to discuss hydronic heating systems at the next *Coffee with Caleffi™* webinar on **Thursday, Oct. 20** in an extended edition from 12 noon – 1:30 p.m. CDT.

Cunningham is Grundfos HVAC OEM Business Development Manager serving as a sales engineer in the commercial and OEM business units. He enjoys cycling, running, skiing and other outdoor activities.

Rohr is Caleffi Education and Industry Engagement Manager leading industry connections with trade associations, committees, industry initiatives and collaborative manufacturer partners. He describes himself as an "energy nerd."

The monthly educational webinars are free and are intended for engineers, contractors, designers and wholesalers. A *Certificate of Attendance* is emailed to attendees following the event for continuing education audits.

Please visit our website at www.caleffi.us for schedule details and registration.

CALEFFI – *Creating innovative, superior performance products that help customers live comfortably and economically, while softening their impact on the environment.*
