	PRODUCT BULLETIN			Doc:	NAPB073115
	Author:	Kevin Freidt	Title:	Director of Product Management	
	Topic:	<b>New Solar Pump Stations</b>	Series:	<b>278, 279</b>	

Caleffi North America is introducing a new 278, 279 Series of Solar Pump Stations. These stations will be available starting in late August 2015 and will be phased in to completely replace the 255, 256 Series by year's end.

*Features & benefits of the new 278, 279:*

- Increased balancing/flow meter capacity from 5 GPM to 8 GPM
- New insulation jacket for better protection and ease of installation
- Optional top-mount insulation jacket accessory for iSolar controllers
- Garden hose thread fill/purge valves with barb fittings included
- Interchangeable with current 255, 256 stations (same 3/4" female connections, uses same fittings)

279 Series - dual

These new 278, 279 Series pump stations will be available with or without the pump (the same pump that is currently being used with the 255, 256 Series pump stations). See cross-reference below.

Old Station Code Number	Description	New Station Code Number	Description
255050A	Dual connection, 33 ft. max., 5 GPM @ 22 ft.	279051A	Dual connection, 33 ft. max., 5 GPM @ 22 ft.
255056A	Dual connection, w/o pump	279051	Dual connection, w/o pump
256050A	Single connection, 33 ft. max., 5 GPM @ 22 ft.	278751A	Single connection., 5 GPM @ 22 ft.
256056A	Single connection, w/o pump	278751	Single connection, w/o pump
256059A	Single connection, drainback, 36 ft. max., 5 GPM @ 17 ft.	278951A	Single connection, drainback, 36 ft. max., 5 GPM @ 17 ft.

A new optional insulated housing for mounting the iSolar 2 & iSolar Plus controllers is available. The housing attaches to the top of the new pump station and simplifies wiring. Code Number 278011. List price is \$64.00.

The 255, 256 stations will continue to be included in the NAS300 Solar Water Heating Kits until inventory is depleted. After that, all shipments will be the new 278, 279 stations with new mounting bracket.

The NA255 Commercial Solar Pump Station is not affected by this bulletin.
